

SILVER SERIES

HEAT REFLECTIVE
INSULATING FLOOR

INSIDE THE RAFT:
DOUBLE SKINNED CANOPY

**YEARLY
SERVICE**

SILVER SERIES is a line of liferafts designed and manufactured specially for the mega yachts with no navigation limits.

These rafts grant the highest safety standards as they are manufactured and approved in compliance with the Marine Equipment Directive (MED) – Chapter III of the Solas 1974 Convention and following amendments.

Their under vacuum packing allows a remarkably reduction of the volumes and therefore the use of smart fibreglass flat containers.
